I want to show the planet of Earth as it is situated in our solar system. I saw great amounts of energy coming in around the Earth and moving closer to the Earth yearly. The energy is coming in from several sources. One source is that of the "Greater Hierarchy" of the Earth. Another source is that of the Solar System. And yet another is a source of energy from beyond our own solar system.

Much of this energy is being felt even now in many ways. Some in rather unusual ways. Some of the energy is helping to cleanse the Earth of much negative energy and karma. It is showing up as earth quakes - great storms, tornadoes, volcanic eruptions, etc. It is also affecting the international monetary system, the great

Religions and in many other ways. The energy is cleaning up much of the ~~bad~~ negative energy around the earth in the astral and lower mental & this is what is felt by many as a great pressure weighing upon them.

One reason for the great pain on the earth is the Solar Logos is ready to receive another initiation and in order to do so the earth first must be brought in line and balance. This is one reason why the energy of our system, because our Solar Logos is to take up a new position in the Hierarchy and is greatly needed in this position.
